

DIVISION OF EMERGENCY MANAGEMENT AND HOMELAND SECURITY TRAINING ANNOUNCEMENT:

DisasterLAN **DLAN for the SEOC** **See below for Location/Time:**

Description:

DisasterLAN is the web-based incident management system designed for use in emergency operations centers with which Division of Emergency Management & Homeland Security interfaces. This course will teach you how disasters are managed from the State Emergency Operation Center, to include interaction with stakeholders such as local municipalities and regional planning commissions, resource requests and information flow, and maintaining situational awareness.

Target Audience:

State Support Functions and anyone that may staff or interface with the State Emergency Operations Center during response to an incident or event.

Notes:

- Participants who attend all hours required of this course will receive a Certificate of Attendance.
- Students are required to bring their own laptops which must be able to connect to the internet.
- Late registrations may be accepted on a case-by-case basis.

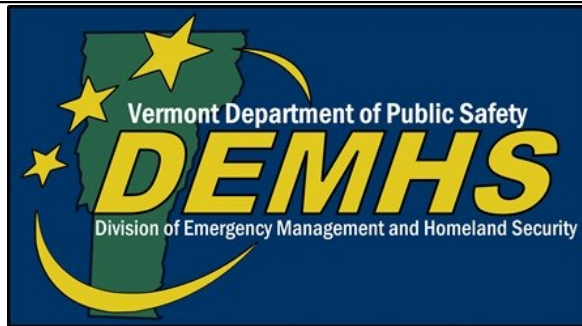

Cost:

- There is NO cost to attend this course.
- Lodging, meals and travel are the responsibility of the participant.

Prerequisites: ICS-100 - Introduction to Incident Command System
ICS 200 - ICS for Single Resources & Initial Action Incidents

Number of openings: 15

Registration Deadline: 2 Weeks Prior to Course.
